for LNAs only What support are you currently accessing (if any) to help address the challenges you are facing?

Funding, partnership, capacity building and network building

BPHCC , the LNA I represent, is accessing capacity building project for GNC

Partenarship, Funding and exchange of skills

equitable partnership, Capacity building and mutual learning

Plan for Building new Partnerships

Support for fund raising, networking, capacity building

as unrwa. enhance communication and coordination with field teams and NC through regular technical exchanges, situation updates, and integrated planning with frontline staff including capacity build.

We provide emergency service in North Gaza and Gaza in addition to 10 nutrition points where we provide malnutrition assessment for children under 5 years and PBW in addition to provision of supplies.

for LNAs only What kinds of support or collaboration would most strengthen your ability to deliver NiE services?

Funding will be the most effective support that can strengthen our ability to deliver NiE services in Somalia

Strategic partnership and training and development

working in Somalia, with protracted and cyclic disasters, we require additional nutritional supply and Funds to deliver adequate NiE program for IDPs and vulnerable population

Donor and INGO Support Financial support from international donors, INGOs, or UN agencies focused on the returnees and IDPs and gender inclusion

Training and funding are nedeed to strengthen our ability. Also sharing is important.

Capacity building , Contribut to SOPs developing

Emergency preparedness, partnership and capacity building
