What is the Disability-Inclusive Humanitarian Action Toolkit?

The Toolkit is a set of short guidance, practical tools, and capacity-building packages that provide operational guidance on including children with disabilities in humanitarian action. In accordance with the UNICEF Core Commitments for Children in Humanitarian Action (CCCs), this toolkit provides practical information on how to plan, coordinate, implement, and monitor humanitarian responses that address the needs and priorities of children with disabilities. The toolbox has been designed to accompany the UNICEF Guidance: Including Children with Disabilities in Humanitarian Action

- **The Toolkit includes:**
    - Toolbox
    - Checklists
    - Training Modules

Toolbox on including children with disabilities in humanitarian action:

A package of operational tools to strengthen the implementation of UNICEF guidance. The toolbox covers a wide range of practical topics selected after extensive consultation with UNICEF staff and partners.

- How to get started on disability inclusion in humanitarian action
- Engaging with organizations of persons with disabilities in humanitarian action
- Disability inclusion in Accountability to Affected Populations
- Cluster coordination - essential actions on disability inclusion
- Interagency coordination on disability inclusion at country level
- Budgeting and mobilizing resources for disability inclusion in humanitarian actions
- Disability-inclusive HAC
- Accessibility in Emergencies - UNICEF

Checklists: Essential actions for disability-inclusive humanitarian action:

Provide minimum actions with practical examples to ensure disability-inclusive humanitarian action in line with the CCCs, UNICEF Emergency Procedures, and guidance. It is a companion to UNICEF's Guidance on including children with disabilities in humanitarian action. Currently, we have one general checklist and five sector-based checklists (CP, Education, Health, Nutrition, WASH).

- General checklist
- Child Protection Checklist
- WASH checklist
- Nutrition Checklist
- Education Checklist
- Health Checklist

Training module on including children with disabilities in humanitarian action:

The training module introduces disability-inclusive humanitarian action, key concepts, and consideration of inclusive CCCs, aligned to disability inclusion common competency and functional learning domains within the new UNICEF Humanitarian Learning Framework. Disability focal points/experts can adapt the training package to train their colleagues and partners. The training module has been piloted in the field and finalized based on feedback.

- Synchronous Training Module: Disability inclusive humanitarian action
- Asynchronous Training Module: Disability inclusive humanitarian coordination
- Asynchronous intro to Emergency Preparedness and Response for DFP

What if? Q&A

- I want to improve disability inclusion but don't know where to start. What are the first steps?
  - Read this Short guide
- I am responsible for AAP in our country office. How can we improve disability inclusion in our AAP mechanisms?
  - Read this Short guide
- I am a budget holder. How do I account for the costs relating to disability inclusion in my budget?
  - Read this Technical brief
- I am a cluster coordinator. How can I support the cluster members improve disability inclusion?
  - Read these Essential Actions
- I want to explore partnering with organizations of persons with disabilities. How do I get started?
  - Read this Tip sheet
- What are the essential actions for implementing disability inclusion across the programme cycle?
  - Read this General checklist.
- What are the essential actions for implementing disability inclusion in a specific sector?
  - Here are a range of sector-specific checklists

Who Developed the Toolkit?

The toolkit's development was led by UNICEF's Disability Section in collaboration with the CBM Global and its Inclusion Advisory Group, and in consultation with the UNICEF HQ, regional and country offices, UNICEF-led global clusters, and partner organizations.
